There's No Picture Like the Picture of Health

The greatest master-piece in the Art Gallery of Life is Nature's "Picture of Health"

It is a marvices portrayal of the human body at its best. One beholds in its composite detail a true symbol of strength. It presents a figure of stricing appearance in its erset continue, clear skin, spackling eyes atteng into a teady nerves and firm reducies fairly whatteng to animation—keen, alert, fresh, and spirited; with an air of unbounded confidence and a face radiant in color and climinated with a glow of hope and cheerfulness.

Could Nature have taken you for her model! If you fail in any single point of resemance, you are not the picture of health is imperative, then, that you look to man to rebuild your strength, energy an
